

# QUEENS ART EDUCATION CENTER

Develop a lifetime's love for arts in your child!

**“ Every child is an artist. The problem is how to remain an artist once he grows up”. -----Pablo Picasso**

At Queens Art Education Center, all children should be encouraged to develop their intuition, creativity, sensibility and practical skills, all of which are enhanced through exposure to the arts. An education in these is as important as education of the more academic kind. We provide a change from the academic pressures of the school, a non-competitive, relaxed and friendly atmosphere where lasting friendships are formed.

Queens Art Education Center is a registered institute and is run by Mr. Arthur Liu (Bihua Liu) from 1998. Mr. Liu is an experienced teacher and through his ingenuity, has invented a most unique “ Flowing colors” technique, which surpasses all artists before him, He got a patent of “Novel method of paintings ” from United States Patents and Trademark Office.
